

Beautiful surface with our interior panels

PÖLKKYpanel & floor-products are manufactured using the Nordic dense and strong pine and spruce raw materials. The dense fine grain structure combined with sound knots; ensure that the panel surface quality is beautiful. A wooden interior gives a healthy atmosphere and balances the room's humidity.

Warm breathing PÖLKKYpanel & floor-interior paneling is timeless and a living material, that is suitable for many interiors. Quality, ready to install PÖLKKYpanel & floor-products are suitable for both new and renovation projects. Excellent joining techniques and thanks to the uniform quality, panel installation is fast and easy. A wide range of different alternative profiles are available. You can choose a solution for your requirement. Also available ready surface treated.
